Seminar Wait List Request Form

General Information

This form is to be submitted if you need or want a seminar and could not register for one during advance registration. It must be filled out completely or your request will not be considered.

This is the only way in which you can get on a seminar wait list (even if you have spoken with or e-mailed an Honors Dean about a seminar or have talked to the professors teaching the seminar).

You may not take more than two seminars total (there can be no exceptions to this rule).

Submit this form by the deadline (Fall semesters by November 15; Spring semesters by April 20). Those forms submitted after the deadline may not be considered.

Instructions: Complete all fields with as much detail as possible.
