Q10. Would you have preferred the Spring Welcome Week events and festivities be held the first week that school starts (i.e. the week of January 17th with classes starting on Wednesday) or would you have preferred that Spring Welcome Week be held the first FULL week of classes (i.e. January 22nd or the first Monday after classes start)?

Count	Percent		
15	26.79%		I would prefer for Spring Welcome Week Events to start the week that actual classes start (i.e. the week of January 17th).
36	64.29%		I would prefer for Spring Welcome Week Events to start the first FULL week that classes start (i.e. January 22nd or the first Monday after classes start).
5	8.93%		No Preference

Q11. Please explain why you would prefer Spring Welcome Week Events to start the week that actual classes start (i.e. the week of January 17th).

Count	Percent	
14	100.00%	
Count	Percent	
1	7.14%	<input type="checkbox"/> Allows a couple days where most are available
1	7.14%	<input type="checkbox"/> Because we have more free time to attend the events without worrying about classes
1	7.14%	<input type="checkbox"/> Because with it starting that week people have more free time to attend. It also gives some things for the people who live on campus to do before classes fully start. Also, many classes jump straight in, especially once you are a senior. When the classes jump straight into things, the people wouldn't be able to go to many, if any, events. Having welcome week the week we only have half a week of classes would allow those students to be able to enjoy half a week of events.
1	7.14%	<input type="checkbox"/> Classes haven't fully started yet.
1	7.14%	<input type="checkbox"/> I have more free time that week
1	7.14%	<input type="checkbox"/> I like that, if time allowed, I am able to go to the events without having to miss any because of class. It also allows for the students to have activities to do while they are waiting for classes to start. Usually, freshman and students living on campus will not leave their dorms or rooms until they have class. This gives them a reason to leave and explore. Although this year the Spring Break Welcome Week was hard to go to the activities because of the hard freeze, it is generally a good time and turn out.
1	7.14%	<input type="checkbox"/> I like welcome week during this time because that's "Syllabus week" so nothing much is happening in classes. Welcome week is a good chance for me to get out, other wise I would be in my dorm doing nothing.
1	7.14%	<input type="checkbox"/> I'm not so overwhelmed with school work yet so i'm not so stressed and feeling more sociable
1	7.14%	<input type="checkbox"/> It's an easy week
1	7.14%	<input type="checkbox"/> Its nice to have something to do on that first half week. The next full week is entirely too busy.
1	7.14%	<input type="checkbox"/> Once classes start, I am more focused on getting my materials and preparing myself for the lectures. Also class may interfere if I happen to have a night class or afternoon class
1	7.14%	<input type="checkbox"/> That way we still have free time to do stuff
1	7.14%	<input type="checkbox"/> There is less homework given in the first days of class because the professors usually go over syllabi so I am able to attend more events. Compared to having a lot of work to do and going to no events.
1	7.14%	<input type="checkbox"/> This is the way it is in the fall, and so I think it would be better to just keep it the same both semesters. Also, I feel that this is the week that classes haven't started doing a lot of work so students will have more time to go to events.

Q12. Please explain why you would prefer for Spring Welcome Week Events to start the first FULL week that classes start (i.e. January 22nd or the first Monday after classes start).

Count	Percent	
31	100.00%	
Count	Percent	
1	3.23%	<input type="checkbox"/> Although some of the events were to familiarize students with what's going on, as a new student I kind of wanted that first week here to explore, then have the opportunity to find out about the Welcome Week. If it wasn't for me exploring I also wouldn't have known Welcome Week was going on. At transfer orientation our packets had the schedule for the fall Welcome Week.
1	3.23%	<input type="checkbox"/> Because everyone is attending the full week of classes.
1	3.23%	<input type="checkbox"/> Because I am for sure on campus the whole week and have a better chance of attending the events.
1	3.23%	<input type="checkbox"/> Because it gives students time to get back to it and no one will miss it if they would live to participate.

1	3.23%	<input type="checkbox"/>	Because then everything can be spread out over 1 week rather than having a weekend to separate them
1	3.23%	<input type="checkbox"/>	Cause its a full week to plan things better
1	3.23%	<input type="checkbox"/>	Cause you get a full week of it
1	3.23%	<input type="checkbox"/>	Classes always seem to be delayed the first week so the activities get rescheduled anyway. It would be easier to have them the first full week to be in the safe side
1	3.23%	<input type="checkbox"/>	Gives people time to settle into their classes and it gives the students more opportunity to attend events if they are held for a full week.
1	3.23%	<input type="checkbox"/>	I think that starting Welcome Week on the first full week of classes would allow students to adjust to their classes as well as the dorms after returning from Winter Break.
1	3.23%	<input type="checkbox"/>	I'm an RA on campus so I noticed that most students don't start coming back to campus until the day before classes or during the first few days of the Spring semester. Having Welcome Week during the first FULL week would have most if not all students who are to come back be willing and able to participate in the Welcome Week.
1	3.23%	<input type="checkbox"/>	It allows more time for advertisement
1	3.23%	<input type="checkbox"/>	It gives more of an opportunity to hold events for the whole week, giving student a chance to make it to multiple events if their schedules are hectic.
1	3.23%	<input type="checkbox"/>	It gives students time to get use to their new schedules before getting into a routine.
1	3.23%	<input type="checkbox"/>	It gives you a chance to know it's happening
1	3.23%	<input type="checkbox"/>	It is the beginning of a new week which allows students to already get used to their classes and start fresh with these events.
1	3.23%	<input type="checkbox"/>	It would be easier to attend more events once you're properly settled in. A few extra days makes it easier.
1	3.23%	<input type="checkbox"/>	It's more convenient since I'm already going to be on campus.
1	3.23%	<input type="checkbox"/>	It's because everyone can attend the events during full week. Students are turned back from their hometown to huntsville
1	3.23%	<input type="checkbox"/>	Makes it more available to all students with varying schedules
1	3.23%	<input type="checkbox"/>	More activities fit in.
1	3.23%	<input type="checkbox"/>	More optional days to attend depending on students schedules.
1	3.23%	<input type="checkbox"/>	People are better able to manage their time and see when the events that they could go to would fit in their schedule
1	3.23%	<input type="checkbox"/>	People may not have been checked in early especially with the weather. Do, wait till the first full week she everyone in settled into their dorms and have time to be notified if activities. I didn't even know there was a shooting welcome week
1	3.23%	<input type="checkbox"/>	Reason why is because I want to get use to my classes before attending events
1	3.23%	<input type="checkbox"/>	Since its the begin of the week everything is more settled down and not like the half week since everyone is much busier and getting a chance to find classes.
1	3.23%	<input type="checkbox"/>	So I can get settled into classes first
1	3.23%	<input type="checkbox"/>	Then we get a full 5 days of activities instead.
1	3.23%	<input type="checkbox"/>	This can help getting into the gist of classes.
1	3.23%	<input type="checkbox"/>	This gives the students more time to visit those activities. The week before starting on a Wednesday is not enough time to find classes and also attend these activities.
1	3.23%	<input type="checkbox"/>	This is the first full week of class. The events can be advertised the week before.
